

30GM SPECIFICATIONS

POWER	Kohler Command Pro 14HP estimated (429cc)
FUEL TANK	Kohler 1.85 Gallon Gas Tank
SPEED CONTROL	Dial-a-Speed electronic speed control
CONTROLS	Mechanical & electric hydraulic controls
PUMP OUTPUT	4.5 gpm or 12 bags per hour
PUMP SIZE	Optimized 2L6 rotor & stator
PUMP HOPPER CAPACITY	60 gal/3 bags
PUMP CHARGE HEIGHT	32 in
MIXER CAPACITY	4.5 cu ft
MIXER CHARGE HEIGHT	40 in from platform
MIXER FEATURES	4 blades/rubber wipers, forward/reverse directions, dump forward and backward for cleanout, variable speed 0-45 rpm
PLATFORM SPECIFICATIONS	600 lb capacity, foldable/removable, 36 W x 36 L x 19 H (in)
PRESSURE OUTPUT	350 psi max recommended working pressure
DIRECTIONAL CONTROL	Forward and reverse
REMOTE CONTROL	2 wire 125 ft On/Off remote standard (can be extended up to 500 ft total)
OVERALL DIMENSIONS	GM 66 W x 140 L x 68 H (in)
WEIGHT	GM 1380 lbs; Truck Mount (TM) 1250 lbs
WHEELS	Rear 175/80R13
DRIVE	Hydraulic variable speed
PUMP OUTLET	2 in camlock standard
MAX AGGREGATE SIZE*	1/8 in
RECOMMENDED PUMPING DISTANCE**	150 ft
AIR OUTPUT	12 cfm @ 40 psi (90 psi max) onboard Chinook compressor
STANDARD FEATURES	Electric start, rubber isolated engine mounts, reversible
TRAILER FEATURES	4 prong flat plug, submersible LED rear lights, 2 in ball receiver, independent torsion axles, jack w/caster

1 bag = 3.0 cu ft yield

*This is largest aggregate size recommended for pump. Mix design will determine how well product will pump.

**Pumping distance and output may be increased or decreased significantly depending on mix design, but we believe these to be very achievable in most instances.

AVAILABLE OPTIONS

Truck Mount (TM), Gas Engine (G), Diesel Engine (D)

Adjustable Stator

Tool Box Mount

RUGGED PRODUCTION

WITH THE EASE OF PORTABILITY

30GM™

APPLICATIONS

- Low/Medium/High-Density Fireproofing
- Waterproofing
- Plaster/Stucco Spraying
- Injection Work
- Manhole Restoration
- Concrete Repair Mortar
- Cellular Concrete
- Bridge Repair
- Self-Leveling Floor Underlayment
- Slab Jacking
- Cementitious Coatings Under 1/8 inch Aggregate

If you don't believe the hype about the 30GM, try it out for yourself! This unit is available to rent from Hy-Flex. We offer monthly rates. Call 866-849-6246 for rates, recommendations and availability.

PRODUCT OVERVIEW

Speeding Up The Industry
One Pump At A Time

30GM™

Rugged. Efficient.

BENEFITS

Look What Our Customers Say ...

MADE IN AMERICA

All metal fabrication and engineering is done in our Indiana facility

HEAVY DUTY

Made from durable materials/Built tough for years of reliable field use

LONG LIFE SPAN

Double-life stator tube outlasts the competition

PORTABLE

Small, lightweight, powerful/Easy to transport and use anywhere

HIGHLY DEPENDABLE

Most reliable rotor/stator drive available allows for more time on the job

EASY TO CLEAN

Removable bottom allows for cleanout in seconds; a simple hose does the rest

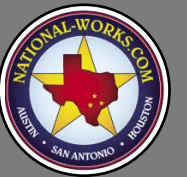

- Low maintenance seal design — long lasting and cost effective
- Easy-access engine and hydraulics for quick daily maintenance
- Manual and electric controls give you variability at your command
- Electric start
- Backward (reverse) dumping mixer allows cleanup while pumping
- Work platform keeps your feet dry and makes it easy to load the mixer
- Variable pump and mixer speed
- Can easily be towed with an ATV or UTV to remote locations — doesn't require a heavy-duty truck to transport
- 2L6 rotor & stator give exceptional performance with difficult materials
- All switches and relays sealed in a watertight control box for reliability
- Large inventory of parts! Orders placed by noon will be shipped out the same day

“We are big fans of the Hy-Flex 30GM. We use this tough little mixer pump system in combination with our Viper Li'L Bit Foam Generator to make a self-contained, lightweight foamed grouting system, which we offer to our customers.”

Ron Vermillion
CEO
Vermillion LLC and Associates

“This machine is very neat and effective for our daily manhole rehab. Cleanout is simple and quick. And the ability to pump great distances is much appreciated.”

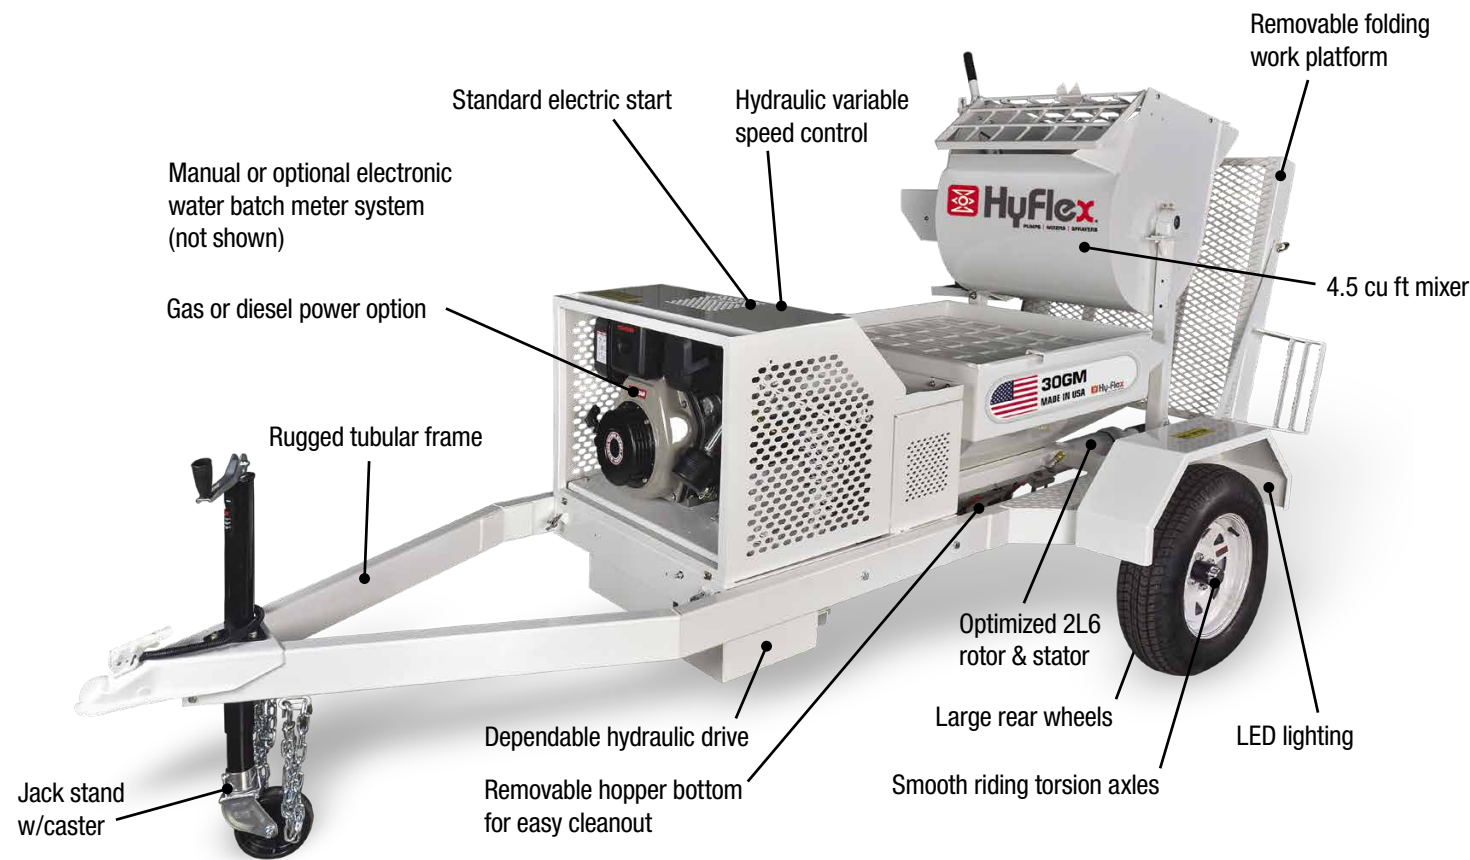

Mike May
Operations Manager
National Works, Inc.

“It was very useful to have such a productive machine in a tight area. We sprayed approximately 30 truckloads of fireproofing material with it. Our customer was impressed with the way we could use the machine and not interfere with other crafts. The machine still has all the original wear parts and it's still pumping great.”

David Wilson
Construction Manager
Marquis Construction Services, Inc.

Portable & Powerful. Period.

Easy dump mixer

Backwards dumping mixer for quick cleanout

Simple, easy-to-use controls

Electric water batch meter
