

## BENEFITS

- Pumps materials more than 1000 feet horizontally and 50 stories vertically.
- Towable — *has torsion axles for smooth towing.*
- Lightweight and easily towed with 1/2 ton pickup truck.
- Hydraulic-powered 12 cu ft mixer with forward and reverse controls.
- Hydraulic dumping mixer allows the operator to quickly and efficiently dump loads of material all day long without tiring or getting injured.
- Twin dump cylinders to keep the tub balanced and ensure a long life.
- Unique dust cover that's easily lifted for occasional spray off of buildup and stays safely in place for dumping.
- Water bar available for dispensing water into the tub while helping suppress the dust at the same time.
- Hydraulic pump includes two 20" long x 3" material cylinders for smooth delivery of the material.
- Fully variable hydraulic speed control allows full pumping speed range.
- Quick release hopper for fast repair and clean-up.

## VERSAMAX SPECIFICATIONS

<b>POWER</b>	Yanmar Tier 4 Final 3 cylinder direct injection diesel engine, 24.7 hp @ 2200 rpm as rated by the manufacturer
<b>PUMP CYLINDERS</b>	Fully hydraulic dual piston pump, 3" x 20" long material cylinders
<b>PUMP HOPPER CAPACITY</b>	3 bags
<b>MIXER TUB HEIGHT</b>	50"
<b>MIXER TUB</b>	12 cu ft hydraulic dump
<b>MIXER HOOD</b>	Quick-release dust suppressoin hood (optional)
<b>MIXER FEATURES</b>	4 blades/rubber wipers, forward/reverse directions, cleanout on side of tub
<b>PRESSURE OUTPUT</b>	1,500 psi recommended max working/adjustable pressure control
<b>DRY VEHICLE WEIGHT</b>	3600 lbs
<b>MIXER DRIVE</b>	Hydraulic direct drive forward reverse
<b>PUMP OUTLET</b>	2" HD coupling pump outlet standard
<b>AIR COMPRESSOR</b>	Approximately 14 cfm @ 40 psi
<b>TRAILER FEATURES</b>	16' long and 86" wide, Torsion axle suspension, 5000 lb axle 8 lug hub, 2" ball coupler standard
<b>TIRE SIZE</b>	ST 235/80R16
<b>FUEL CAPACITY</b>	17 gallon tank
<b>HYDRAULIC DRIVE</b>	Pressure-compensated hydraulic pump drive with secondary circuit gear pump mixer drive with high-efficiency hydraulic cooler

See website for diagrams and more information.

## APPLICATIONS

- Low/Medium/High-Density Fireproofing
  - Commercial Fireproofing
  - Industrial Fireproofing
- Plaster/Stucco Spraying
  - Scratch/Brown Coat
- Infrastructure Repair
  - Manhole Restoration
  - Concrete Repair Mortar
  - Bridge Repair
  - Cellular Concrete
  - Injection Work
  - Slab Jacking

“The major impact VersaMax has is in profitability, mobility, and in scheduling for each project – being able to get in, get the job done, and get off the job. VersaMax is able to reach the distances and go the height, with dependability. That’s really what the market needs today. A good piece of equipment like VersaMax is worth its weight in gold.”

**Jim Ellwood**  
FP Consultant, Ellwood Enterprise LLC

“HyFlex has been our equipment partner for many years. The quality of pumps is second to none, and their technical support is outstanding. We look forward to using HyFlex equipment for years to come.”
