Why Buy Now?

With the increasing costs of materials, we will be raising our prices starting January 1st, 2025. This means that right now is the best time to secure the HyFlex VERSAMAX at 2024 prices and maximize your savings before the new year. Any quotes made before January 1st, 2025, on non-discounted items will be honored through the end of January 2025, allowing you to lock in your purchase at current rates.

DISCLAIMER:

All offers under the HyFlex Year-End Savings are subject to availability of packages as outlined. Pricing and savings are based on current 2024 rates and are subject to change without notice due to fluctuations in material costs and other factors. To take advantage of current pricing, all orders must be placed before January 1st, 2025. After this date, prices will reflect our updated 2025 pricing structure. Quotes made prior to January 1st, 2025 on non-discounted items will be honored through the end of January 2025, provided the equipment is still available. Discounts and savings from the waterfall pricing model are applicable only during the specified promotional period, and cannot be combined with other offers, discounts, or promotions. Customizations to the package are available upon request and may affect final pricing. HyFlex reserves the right to modify or discontinue this promotion at any time. Training is included in the packages, but travel expenses are not. All purchases are subject to HyFlex's standard terms and conditions of sale.
